How to Unlock Huawei E355G modem Posted on Jul 28, 2017 by cjane Dear all, I have Huawei E355G modem. How do I unlock it? How do I know whether I can use it with other network, for example, Tmobile, AT&T, MetroPCS or other. I can use a simulator like Global Unlocker but I don't want to use it because I want to use this modem on my actual phone. Is there any free unlock code I can use? Thanks in advance. A: There are no such unlock codes for Huawei E355G modem. These are just for testing purposes only.
